

MESSAGE TO OUR PATIENTS

Whilst the last few weeks having been challenging for us all, we are now able, with consent of the regulatory bodies, to start returning to some form of “normality” and gradually emerge from our “stay at home” existence.

As of Monday 27th April, our practice will be OPEN to see new patients, recall appointments and be available for routine adjustment of braces and Invisalign appliances.

We are well aware that the danger of spread of infection still exists and will be enforcing strict social distancing rules, we will ask you a number of questions when you arrive at the practice and may conduct other procedures to ensure safety of our patients and staff. We ask that you help and cooperate in this regard. We also ask that only the patient come into the main surgery and all parents remain in the waiting room or outside, unless the patient is 9 years old or younger and needs to be accompanied by a parent.

We are thankful to all patients and parents who have been cooperative in rescheduling and changing appointments. It has been a huge task for our staff! We will endeavour to see patients as soon as possible so that treatment can continue without interruption.

I can be contacted at any time if you have any concerns and thanks again for all the support and good wishes.

Dr David Bachmayer and The Team
